WORK EXPERIENCE

UX/UI Designer

December 2023 - Present

Geaux Network

- Address user pain-points through effective problem-solving and translate them into high-quality wireframe screens and interaction designs.
- Collaborate closely with User Researchers to craft intricate screens that adeptly convey design concepts to the development teams.
- Comprehensively document the end-to-end project user experience process using FigJam.

Web Designer

June 2023 - November 2023

Eat Mostly Greens, Inc

- Create and manage the marketing budget, ensuring efficient allocation of resources and optimizing ROI.
- Oversee market research to identify emerging trends, customer needs, and competitor strategies.
- Monitor brand consistency across marketing channels and materials.

Account Manager

August 2018 - December 2020

Bamboozle Home

- Responsible for a comprehensive role covering sales management, order fulfillment, and warehouse operations.
- Managed an extensive product portfolio and coordinated multiple streams of orders.
- Spearheaded operational improvements, optimizing order processing for enhanced efficiency.
- Successfully reduced packaging and shipment inaccuracies by 65% by creating and driving my action plan.
